Progress Note Writing Refresher Training

Are your staff members recording progress notes differently? Are you happy with the quality of progress note writing in your organisation? At Smart Training, we understand that your employees come from different training backgrounds, so we have designed a tailor-made Aged Care Progress Note Writing Program to streamline your staff's writing skills.

Our fun, 2-hour sessions includes:

- Reinforcement of correct progress note writing legalities, and the consequences of incorrect progress note writing
- Real life examples of good/poor progress note writing and practice exercises
- Engaging scenarios and activities that implement efficient writing strategies
